Cleanroom, data hall and lab cleaning: what we clean

Walk each zone with your facility lead, SOPs in hand, and tick the items that apply.

Facility _____ **Zone** _____

Walked by _____ **Date** _____

Before entry

- [ ] Gowning in your posted order, in the named room or airlock
- [ ] Tools wiped and kept to their zone
- [ ] Low-lint wipes and sealed-edge mop heads
- [ ] Pre-mixed solutions from your approved list
- [ ] No brooms or misting spray bottles inside

Inside a controlled room

- [ ] Ceiling panels and light lenses, where your procedure lists them
- [ ] Walls and pass-throughs
- [ ] Work surfaces outside the critical zone
- [ ] Floor last, working toward the door
- [ ] Each step entered on your log or form

Data halls

- [ ] Sign-in at your desk, escort as required
- [ ] Raised-floor tiles damp cleaned, no pooled liquid
- [ ] Plenum vacuumed with filtered equipment, short runs
- [ ] Tiles lifted in your approved order and reset
- [ ] Sticky mats at hall doors swapped on a cycle
- [ ] Unboxing kept to the staging area

Labs

- [ ] Floors between bench rows
- [ ] Hand-wash sinks
- [ ] Light switches and door hardware
- [ ] Write-up areas
- [ ] General waste only from bins you label
- [ ] Benches and experiments left to your staff

Support spaces

- [ ] Offices and network operations centers
- [ ] Badge offices
- [ ] Break rooms and restrooms
- [ ] Corridors and staff lounge
- [ ] Loading areas and docks

Scheduling notes

- [ ] Change windows and maintenance freezes on the calendar
- [ ] Cleaning between campaigns, timed by your quality team
- [ ] Floors refinished during a planned shutdown
